PROFESSIONAL SUMMARY

Software Engineer specialized in enterprise ERP integrations (TOTVS), financial/accounting workflow automation, and IT governance. Proficient in building microservices and RESTful APIs using **Python (FastAPI), Node.js, and PHP** alongside modern frontends with **TypeScript, React, and Next.js**. Extensive experience across relational databases (**PostgreSQL, MySQL, Firebird**), automation workflows with **n8n**, and modern AI architectures (RAG, vector embeddings). Official **ITIL® 4 Foundation (Axelos/PeopleCert)** certified, designing auditable systems aligned with **ISO/IEC 27001** and data privacy (**LGPD / GDPR**).

TECHNICAL COMPETENCIES & GOVERNANCE

Backend & APIs: Python (FastAPI, AsyncIO), Node.js, PHP, RESTful APIs

Frontend & Web: TypeScript, JavaScript, React, Next.js, HTML5/CSS3

Databases: PostgreSQL (CTEs, Indexes), MySQL, Firebird, Metabase

Automation & ERP: n8n Workflow Engine, REST Webhooks, TOTVS ERP

Governance & Security: ITIL® 4 (SLA, Incidents, Changes), ISO 27001, LGPD

DevOps & Infrastructure: Docker, Docker Compose, Nginx, Linux / Bash, Git

SELECTED WORK EXPERIENCE

Automation Analyst · Grupo Controller — September/2025 – Present

Engineering automated integration pipelines connecting TOTVS ERP with PostgreSQL via Python (FastAPI) and n8n. Automated financial and fiscal reconciliations with ISO 27001 audit logging and proactive LGPD anonymization.

Deployment Analyst · Fusão Tecno — January/2023 – Present

Enterprise systems deployment, API integrations, and business process modeling focused on business continuity, system stability, and SLA delivery.

Automation Analyst · Rankn — June/2024 – December/2024

Constructed n8n pipelines and Python microservices for data processing, analytical transformation, and reporting.

Support & Infrastructure Analyst · ACS Informática / Konstroi — July/2022 – February/2024

Advanced enterprise technical support for ERPs, incident and request management following ITIL 4 best practices, and database maintenance on PostgreSQL/Firebird.

CERTIFICATIONS & CREDENTIALS

ITIL® 4 Foundation in IT Service Management
Axelos / PeopleCert · Verified Official Credential

ISO/IEC 27001 & LGPD - Data Governance
Defense in depth, structured auditing, and privacy

Python & FastAPI Architecture Specialist
High-throughput microservices and asynchronous concurrency

Agile Methodologies & Scrum Specialist
Agile ceremonies, sprints, and continuous delivery
